● CLASSROOM CAPTURE ROOMS (39)

○ DISTANCE LEARNING ROOMS (15)

Classroom Capture Room A room equipped with technology to automate class or event recordings, including projected course materials and the instructor. Recordings are available online for students to access asynchronously. Classroom capture is also known as "lecture capture."

Distance Learning Room A room equipped with Classroom Capture and additional technology that allows distance students to participate synchronously via web conferencing. These rooms have dedicated support staff to provide real-time assistance as well as backup recording systems to ensure content delivery.
